

MIXTEC
FOR MIXING TECHNOLOGY

From Little to Large

It's hard to believe we are already more than 1/4 of the way through 2019 !

Here at Mixtec / Western Engineering we have started the year off with a varied work load delivering mixers for mixing as little as 2 litres of product up to mixers for vessels containing 3,000,000 litres of product. Mixer for 25 litre pail containing laquer for food packaging manufacture shown below.

Large gate, or anchor, mixer for 15 cubic meter vessel processing chocolate. Photo shows it loaded on truck to get polished by professional metal polishes before installation in vessel.

Drive on this mixer is 5.5 kW.
